A Meritorious Establishment.

Last Friday in long deferred fulfilment of promises, I went down to the flourishing town of Des Arc. The day was bright comfort and contentment, and one with sunshine and the genial is impressed with the involuntary mittee of your party the fee required or your name will not appear on the official ballot. Better of forest, field and plain. Nature, newly dressed in the soothing garb | ination of the grosser worldly conof spring, extended a joyous welcome to the eye and brain of men too often blinded to her blessings. I boarded the train at mid-day and a little after one o'clock came campus commands an extensive to my destination. I needed no book to while away the hour: the succession of wooded mountain, verdant meadow, rushing stream, quiet hamlet, and so on, gave each moment a new pleasure to the observer, and time passed as if borne on the wings of a record-breaking aeroplane. At Des Arc I was met by Rev. W. W. Strother, and with him took a hasty survey of the town; called upon a number of the citizens, some of whom I am privileged to call friends of long standing. Of these and the enerprises and accomplishments of the town, as well as its history, I shall speak in a future issue. This article pertains almost wholly Rev A. S. Coker, paster of the to the Southeast Missouri Holiness Taylor avenue Methodist church College, whose annual commencement exercises were held that day,

Shortly after my arrival, Rev. Strother conducted me to the col-Mrs. Margaret Pruitt, at the old couple carried cut their plan to make the wedding a very quiet affair, it was in no sense a surprise ast to a large number of people to their close friends. says, in part: "I was called to hold the meeting by Bro. Kistler and Brother Strother, the latter the real founder of the school and its main supporter. My home for eleven days was with Brother Strother's family in their nice new home on the hill, just above the beautiful spring that flows out from under the mountain. There is no way

school and will be a blessing to the school as long as the school school during the meeting thirty fine lots on the beautiful hill just Dr. and Mrs. Gay were in St. above the campus, to be sold and the money applied on the school debt. The school owed about ing in August. Now, let any body anywhere in the United States that wants to help the school at Des Arc, Mo., and at the same time make a fine investment for himself, W. Strother, at Des Arc, Mo., and P. Kistler, president of the college, G. G. Fox and wife returned to and he will take it up with you. You can buy a lot on easy terms. A lot to-day can be bought for \$75.00. At the opening of the school September 1st, it will be worth at least \$150. The school is no experiment; they have a splendid school, good buildings and good teachers, and in five years they will have several hundred people on the ground. Since September fourteen good build-ings have gone up, making thirty-B. N. Brown has just received two nice homes on the school seventeen thousand post card views of the beautiful scenery of the valley. Price one cent each. or three weeks."

On every hand are dwellings and other houses building, or newly finished and occupied, Neat and pretty structures are these last, with lawns and gardens attached. They are homes, with all the outward accessories to health, is impressed with the involuntary belief that within them is the peace wrought by devotion to spiritual ideality and the elimtentions. A fairer site for such a community could not have been chosen. Itself of considerable elevation above the valley, the view, and on every hand the picture is beautiful beyond power of expression. I was the guest of Rev. Strother, and after the conclusion of the afternoon exercises we walked about the grounds, he pointing out the various objects of interest and talking of his hopes and plans for the future. We ended our walk at his residence-a modest and tasteful specimen of architecture, finely situated on a point overlooking the surrounding country. Seated upon the veranda, fanned by the gentle, balmy breezes-it was a day proper to May, by good luck

—I had before me the broad and
